

# CRACKING THE MATH CODE

When I see these terms, then I know which operation to use!

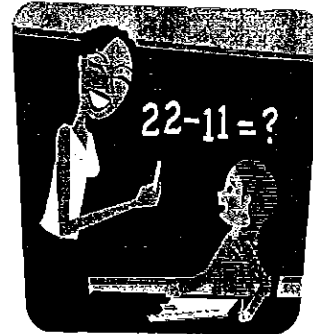

## ADDITION

Add  
And  
How Many?  
In All  
Plus  
Together

Altogether  
Both  
How Much?  
Increased by  
Sum  
Total

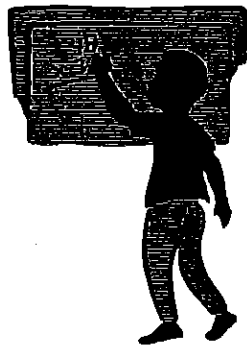

## SUBTRACTION

Are not  
Decreased by  
Fewer  
How Many Did Not Have?  
Less Than  
Subtract  
Taller / Shorter

Change  
Difference  
Have left  
How Many More?  
Remain  
Take Away

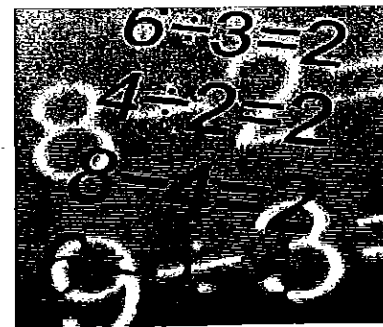

## MULTIPLICATION

By (dimension)  
Each Group  
Of  
Times

Double  
Multiplied by  
Product of  
Triple

## DIVISION

As Much  
Divided by  
Half (or other fractions)  
Parts  
Separated  
Split

Cut Up  
Each Group Has  
How Many in Each?  
Quotient of  
Share Something Equally
