

Dear Parents/Guardians:

The Pennsylvania School Health Law requires all students to have Medical and Dental exams within one year prior to a student's entry into the grade in which an exam is required:

- Medical Exam (for all new students & Kindergarten, 6th grade & 11th grade)
- Dental Exam (for all new students & Kindergarten, 3rd grade & 7th grade)

If the student's examination history does not meet these timelines, please make the necessary arrangements to have examinations. If a student is entering Cheltenham School District and/or the 6th or 11th grade, I recommend that the aforementioned examinations be conducted by a family physician and/or dentist who is familiar with the student's health history and would be in the best position to recommend immediate steps for necessary remedial care. If you do not have a private physician at this time, please see enclosed material.

Under regulations of the Pennsylvania Department of Health, the following immunizations are required for all students, K-12, as a condition for attendance to school. **Those children whose immunization record is incomplete or not provided will be excluded from school.**

Children **entering 7th grade** need the following:

If your child is exempt for medical reasons or religious beliefs, please provide written documentation stating the reason. If your child is exempt from immunizations, he/she may be removed from school during an outbreak.

Please return completed forms to your child's school nurse.
